Ha ha ha. *(To audience)* And you lot can shut up or I'll come down there eat your sweets. I am Demon Drip Dry, causing trouble wherever I go and there is nobody who can stop me? Ha ha ha.

*Flash stage right, Enter Fairy Goosedown*

**Fairy** Wanna bet, you old has been. I can stop you.

**Demon** Oh look, it's silly Fairy Goosedown. You don't stand a chance against me, I can wreak havoc and sadness wherever I go.

**Fairy** And I create happiness wherever I go, people shouldn't be sad in the world because of immortals like you.

**Demon** Nobody can resist temptation.

**Fairy** Ridiculous. Not everyone is evil like you. These people don't need you to interfere, they are happy with their lot.

**Demon** Not all it seems.

**Fairy** But who amongst them have you cast your evil spell upon?

**Demon** I have done nothing yet, but it seems Mother Goose is ready for plucking. Ha ha ha

**Fairy** You leave her alone, she is a wholesome, kindly person. She doesn't need your help.

**Demon** She's ugly and poor, She'll be easy to work, that's for sure. Everyone needs a little 'help' at some time, and the time is right for her. One push and she'll be mine to control.

**Fairy** There is nothing that she wants from you, and you cannot tempt her, she is happy with her lot

**Demon** Are you sure of that? I think you'll find she has reached the end. She wants wealth and beauty and when I have tempted her she will be mine to control

**Fairy** Do not think I will stand by and let you ruin her life. She is loved by everyone in the village, she may be

poor, but she is a kind and generous person, and she does not need your help.

**Demon**

You'll be surprised how many do. Everyone sells their soul in the end. If she's poor, then I'm bound to tempt her. I'll make her rich ... nobody can resist money. Money for happiness. I'm sure to win this challenge, my fairy mate, But now I'm off to the village before it's too late. (*Wicked laugh, exits*)

**Fairy**

I will protect her from your evils ways. Don't worry boys and girls. I will look after Mother Goose and her friends, Goodness always wins the day. I'll make Mother Goose rich in a magical way. I'll send her the Goose that lays golden eggs for free. Happiness will win, don't worry - you'll see.
